Tobacco Grade Announced Loan Rates

Loan rates by grades for 1970 crop burley, Fired-cured and sun-cured tobaccos have been announced by the U. S. Department of Agriculture, according to J. P. Alvis, Jr., Chairman of the Appomattox County Agricultural Stabilization and Conservation Committee (ASC).

The rates represent an average price support loan level of about 4.3 percent about 1969.

Grade rates for burley tobacco range from 40 to 79 cents a pound, representing an average price support loan level of 68.6 cents a pound.

Grade rates for Virginia fire-cured tobacco range from 22 to 68 cents a pound, representing an average price support loan level of 46.6 cents a pound.

The rates for Virginia sun-cured range from 17 to 64 cents a pound, averaging 41.4 cents a pound.

Price-support procedures of past years will be followed. Growers will offer tobacco for sale at auction in the usual manner, and price support will be made available to co-operating growers through producer cooperative associations.

Only the original producer is 22Only the original producer is eligible to receive price support.

The A. S. C. Committee reminded growers that certification must be made that they have not used pesticides containing DDT or TDE on tobacco eligible for price support.

The Topper tops them all. Why? Because it's a great savings plan especially designed for those who want to start with small amounts and build savings at a high interest rate.

With the Topper, no minimum or maximum deposit is required, and you'll earn 5% or 5¼% depending on the maturity date you choose. An extra bonus for the Topper is the convenience of both the passbook and quarterly statement.

The 5% TOPPER: Here is how it works . . . to earn 5%, deposit any amount in a Topper account for 90 days or more. Your daily interest, compounded continuously, earns an effective annual rate of 5.13%. Best of all, you can make additional deposits in any amount at any time, and you don't need your passbook to do it. Your money isn't tied up for a long time either. Any funds that have been on deposit for 90 days or longer may be withdrawn during the first 10 days of a calendar quarter.

THE 5¼% TOPPER: If you select a maturity date of from 2 to 10 years, you'll earn 5¼% compounded continuously for a net annual yield of 5.92%, and you can make additional deposits to earn the same high rate in any amount up to 2 years before maturity.

Interest on both types of Topper is paid quarterly and can be mailed to you, deposited to your checking account or left in your Topper to accumulate. Whichever you choose, Topper offers the highest interest and the greatest flexibility of any bank savings plan allowed by law.

Don't wait. Open your Topper account today at any Fidelity office or send us this coupon with your initial deposit. The Topper. It's the big plan for little people.
